Sailing With Her Wolf 2020-06-05

Wolf shifter Marley Gerwulf was protective of her human best friend Zara York. Their friendship dated back to their sophomore year in high school. Throughout the years, they had been glued to each other's hip, experiencing life together. When Zara broke up with her longtime boyfriend, Marley suggested a three-week girls' trip sailing the Pacific Ocean. It would help her friend clear her mind and celebrate her newly found single life. Marley had spent the last fourteen years of her life knowing they'd only ever be friends. Her wolf had identified Zara as her mate the day they met. The urge to mate was strong, but she was always able to overcome it, knowing she'd rather have Zara in her life as a friend than not at all. After setting sail with Tahiti as their destination, an intense storm caught them off guard. Damaging their yacht floating aimlessly along in the ocean, Marley was determined to ensure their survival, with life or death situations at every turn. Will Marley be able to protect Zara while resisting the call to mate?

Blood Bond 2016-04-26

Shifters keep their friends close and their enemies closer in a shadowy world where the line between hunter and hunted thins, blurs, and finally shatters. Futuristic shifter paranormal romance author's note: Blood Bond is book three in the Underground Heat Trilogy. All three novels are full-length shifter romances with happy-ever-after endings. You can buy the books individually or in the boxed set titled Underground Heat. Head of the Shifter Underground's security force, Johannes has his hands full when Max, the underground's leader, is almost killed by a sniper fire. Johannes breaks a cardinal rule to save his friend and makes a discovery about himself that changes everything. Daria has been a healer in one capacity or another for hundreds of years, but wholesale slaughter aimed at wiping out her kin is something new. Called to the governor's mansion after Max gets shot, she finds him wallowing in a river of his own blood. By rights, he should be dead. She questions Johannes but remains stubbornly silent after telling her an outright lie if Johannes wasn't so knockout gorgeous and she wasn't so wiped out. Daria would've left after treating Max instead. Johannes talks her into staying, then orders her to work for the underground as head of security. It's his right to commandeer personnel. Daria is torn. Johannes is the most compelling man she's ever met, but he's also arrogant. Compounding the problem, her cat thinks he's their mate. After he runs roughshod over her, she doesn't care about anything except getting as far away from him as she can. But escape isn't possible. A series of lethal attacks throw Daria into Johannes' path and keep her there. He's desperately attracted to her, but anything beyond sex with any woman isn't part of his life plan. His cat says she's their mate, but it doesn't alter Johannes' staunch refusal to consider anything that might turn into love. He has his reasons. They've served him well, and he sees no reason to change them. Now praise for the underground heat series: What a great read! This one combines two of my fav things: sci-fi and shifters. Oh, and loads of steamy action. Goodreads review: Ann Gimpel does it again! Another fantastic shifter book. I loved the futuristic spin on the shifter tale. The first I've read of its kind, the characters were loveable. The story engaging. Romance readers retreat. Ann Gimpel is frickin' awesome! I cannot explain how much I loved this book. The way she writes is so expressive and imaginative. Real Goodreads review: Excellent start to a new series by author Ann Gimpel. I love her take on shifters and a futuristic California. The story is easily followed yet rich and complex. Crystal's quirky reviews fans of the following books and...
