e xamples explanations legal research is designed to meet the needs of law students who have come to expect that they will instantly receive answers to their questions rather than cataloging sources or outlining processes this text starts where today s law students are when they realize they have a research problem by that time their research problem is not locating sources but knowing what to do with them the legal research e e guides students through examples and explanations of the kinds of sources they ve found using the context of interesting and entertaining real world problems the text helps students determine which sources are the most useful for the current project and which not it leads students to understand how one source affects and relates to the others and equally important it shows students how to write about the
sources they have found because this book covers the kinds of research projects faced not only by beginning law students but also by advanced students and even new lawyers. Its value to its readers is long lasting even experienced researchers will learn more about working with the difficult as well as the easy research questions that today are addressed by an array of sources.
