This book underscores what we have long known: Gurganus stands among the best writers of our time. Ann Patchett through memorable language and bawdy humor, Gurganus returns to his mythological Falls North Carolina home of Widow. This first work in a decade offers three novellas mirroring today’s face lifted South—a zone revolutionized around freer sexuality, looser family ties, and superior telecommunications. Yet it celebrates those locals who have chosen to stay local in doing so. Local souls uncovers certain old habits: adultery, incest, obsession still very much alive in our new South. A Winesburg Ohio with high speed Internet. Wells Tower says of Gurganus, “No living writer knows more about how humans matter to each other.” Such ties of love produce hilarious if wrenching complications. Fear not: gives us a banker’s daughter seeking the child she was forced to surrender when barely fifteen. Only to find an adult rescuer she might have invented in Saints Have Mothers. A beloved high school valedictorian disappears during a trip to Africa. Granting her ambitious mother a postponed fame that turns against her. And in a dramatic decoy the doctor-patient friendship between two married men breaks toward desire just as a biblical flood shatters their neighborhood and rearranges their fates. Gurganus finds fresh pathos in ancient tensions between marriage and eros, parenthood, and personal fulfillment. He writes about erotic hunger and social embarrassment with Twain’s knife-edged glee. By loving Falls, Gurganus dramatizes the passing of Hawthorne’s small town nation into those Twitter nourished lives we now expect and relish. Four decades ago, John Cheever pronounced Allan Gurganus the most technically gifted and morally responsive writer of his generation. Local Souls confirms Cheever’s prescient faith. It deepens the luster of Gurganus’s reputation for compassion and laughter. His black comedy leaves us with lasting affection for his characters and the aching aftermath of human consequences. Here is a universal work about a village.

Some of the very best crime fiction being written today. Lee Child. A tense and beautifully written crime novel that takes the reader into lives that aren’t seen often enough. Ann Cleeves. A tense and beautifully written crime novel that takes the reader into lives that aren’t seen often enough. Ann Cleeves. A young man is found in a riverside park. His head bashed in with a rock. The only clue to his identity is a note.
Tensions begin to rise as the man’s death draws the attention of the local gay rights group to a hate speech pastor who days earlier had advocated the stoning of gay people and who refuses to retract his statement. Things become more complicated with the emergence of a far-right group targeting immigrants in a local working-class estate as their attacks escalate. Lucy and her boss Tom Fleming must also deal with the building power struggle between an old paramilitary commander and his deputy, which threatens to further enflame an already volatile situation. Hatred and complicity abound in the days leading up to the Brexit vote. In McGilloway’s new Lucy Black thriller, compelling and current, Bad Blood is an expertly crafted and acutely observed page-turner. Praise for Brian McGilloway: Dazzling the Guardian on Borderlands, A clever web of intrigue that deepens and darkens as it twists. Eliza Knight's bestselling Scottish historical romance series The Stolen Bride series is back with another amazing tale of adventure, passion and love. Ceana Montgomery had notions of marrying for love after her first disastrous marriage ended in widowhood, but now Robert the Bruce has ordered her to marry a stranger securing a strong alliance and ending a decades-old feud already used as a pawn once in marriage. She is devastated that she will once more have to give up her happiness in order to please the edicts of men and while the braw warrior standing before her might incite feelings inside her she thought long since buried desire is a far cry from love. The rivalry between Brochan Lamont and his twin brother John began in the womb and only grew worse from there. They were pitted against each other in childhood and their father left them with a legacy that was a race to the finish. Whoever has an heir first inherits the lands. The only problem is that Brochan has given his loyalty to the Scots and his brother to the English in order to keep the lands and ships under Scottish control. Robert the Bruce demands Brochan marry to break the iron clad will his new bride harbors a fiery temperament that lures Brochan into stoking her passions instead of her ire aligned to strengthen the Scottish claims on the realm. Brochan and Ceana must work together to overcome the obstacles that bind them but perhaps seeing their duties through does not have to be as painful as they both predicted. Is it possible that love can be forged from a union born in alliance? Maybe fate knew all along just who was meant for who.
