terraria has no formal player class or leveling system however weapons can be grouped into four distinct categories based on their damage type: melee, ranged, magic, and summoning. Each class has its strengths and weaknesses and a wide variety of weapons to choose from. The melee class sports the highest defense on average and decent crowd control, but many melee weapons have short attack range and those that do attack from a distance tend to have below average DPS.

1. Pre-boss
2. Pre-brain of cthulhu eater of worlds
3. Pre-perforators
4. Hive mind
5. Pre-skeletron
6. Pre-wall of flesh
