Women's lives are more hectic today than ever before. The demands of child rearing, work, ministry, and marriage can drain women of energy and enthusiasm. What they need is order. They need a plan for prioritizing what's important and sticking to it. Lysa TerKeurst has created Living Life on Purpose to answer this obvious need. It's a Bible study that helps women design a life plan based on seven main principles of the Proverbs 31 woman. Upon completion of this study, a woman will have goals to work toward, action steps to complete, and most importantly, a plan for living their lives on purpose. God's purpose. Some of the most interesting and debated entities in the Bible are the sons of God. In the sixth chapter of the Book of Genesis, I certainly agree they are interesting and the subject of much debate, but I believe they are more than that. I believe who and what they are can have a great effect upon one's understanding of the rest of the Bible. I understand that who and what these entities are is not a salvation issue but it is an extremely important one. The devil is the great deceiver. John 8:44. It is his goal to deceive every man, woman, and child. He can. I believe having the incorrect understanding of these sons of God can make people vulnerable to one of his greatest deceptions. That is why I wrote this book. As I said, this is a hotly debated subject, but I do not think the Bible is unclear about their identity. The issue is well, you'll need to read the book for that. I hope you are blessed by reading it. Video games are big business, generating billions of dollars annually. The long-held stereotype of the gamer as a solitary teen hunched in front of his computer screen for hours is inconsistent with the current makeup of a diverse and vibrant gaming community. The rise of this cultural phenomenon raises a host of questions. Are some games too violent? Do they hurt or help our learning? Do they encourage escapism? How do games portray gender? Such questions have generated lots of talk, but missing from much of the discussion has been a Christian perspective. Kevin Schut, a communications expert and an enthusiastic gamer himself, offers a lively, balanced, and informed Christian evaluation of video games and video game culture. He expertly engages a variety of issues, encouraging readers to consider both the perils and the promise of this major cultural phenomenon. The book includes a foreword by Quentin J. Schultze. Christians resolved to study the Bible more fervently often struggle to grasp the progression of scripture as a whole instead. Encountering various passages each week through unrelated readings, studies, and sermons, but once they see the Bible as a great story, they begin to see how their own lives fit into what God has done and is doing in the world. New Testament scholar J. Scott Duvall and Old Testament expert J. Daniel Hays wrote Living God's Word to help Christians consider how their lives can be integrated into the story of the Bible. Thus enabling them to live faithfully in deep and important ways they survey the entire Bible through broad themes that trace the progression of God's redemptive plan. Each section deals with a certain portion of scripture's story and includes reading, listening, preparation, explanation, summary, observations about theological significance, connections to the great story, and written assignments for further study. These features combined with the authors engaging style make Living God's Word an ideal introductory college text. Sunday school elective or small group study this book offers biblical, theological, and mechanical physics.

As Christians, we hunger to know and live out God's purpose for our lives, but how do we know for certain which way to go? Which way Lord? aims to help you understand God's direction for your life. Your guide for this journey is Paul, the globe-trotting hero of early Church history. You will gain more than an introductory insight into the background, education, experiences, writing, and theology of this man who changed the world through many detours of adversity and time spent thinking about his life. Paul completely reoriented his understanding of faith and God's purpose for his life. God placed Paul in a community that shared God's love with him and Paul underwent several years of training in his quest to follow Jesus and ultimately follow his call to be a missionary. Like Paul, we encounter many challenges as we try to discover our purpose. This 6-session study helps you unpack your life alongside the life of the Apostle Paul to find your purpose and passion along the way. You'll learn how to discern and follow God's leading, explore ways God can use you and your life experience, follow God's signals when experiencing adversity, respond to times when you can't live out your purpose as you would like, endure hardships and doubts, find ways to persevere with hope and faith. A perfect study series for back to school, the beginning of a new year, Lent, or anytime you need a fresh start. The components of Which Way Lord are a book also available in enlarged print, a companion DVD with 6 video sessions filmed in Turkey, Israel, and Greece, age level guides for children, youth, and adults, and PDFs are online. Honest Answers

P Somewhere between Jesus loves me and high school cynicism, the childlike acceptance of pat answers about faith is lost often forever, but while many parents find this transitional period daunting, they don’t want their kids to leave the Christian faith just because they didn’t get good answers to how prayer works or whether dinosaurs were on Noah’s Ark. P P I Honest Answers is a discussion book to help parents tackle the God questions that make them sweat. This isn’t the place to come for pat answers that will make their kids nod, smile, and disconnect. Janelle Alberts and Ingrid Faro know that when tweens start asking questions they’re already old enough to understand the answers. They’re determined to equip parents with the language, theology, permission, and confidence to join in the discussion and to learn how to offer deeply doctrinal answers in 140 characters or less. The tween years present an incredible opportunity to build trust with kids and to keep them coming back to their parents for answers rather than finding other sources with the tools and conversational tips here. Mom and dad can engage in a hopeful conversation and help their children build a Christian faith to hold them steady through their whole lives.

Falling into Grace

2016-04-01

Jesus was quite clear that we must lose our life before we find it. This book gives a hopeful and realistic look at what losing our life entails. Articulating how growth in the Christian life is not our ascent to God but the process by which our eyes are opened to the beauty God has already given to us. It is a book about descending into God and into our own inner depths about the deep waters of the Christian faith put out into the deep and let your nets down for a catch. Luke 5:4 We live in a world that values productivity and success, and we vainly imagine that God expects us to be spiritually productive and successful. Too it doesn’t matter how much we talk about grace. Our conversation is often narrowly focused on what we need to do for God so much so that we often block the work God longs to do in us. This book does not articulate God’s work as a process by which we become spiritually strong but rather as the process by which we embrace our weakness as the place where we most fully experience God’s perfect strength. 2 Corinthians 12:9

Adventure is extensively used as a teaching tool throughout the Bible. In God of Adventure, Bruce Dunning proposes 19 principles from the Bible that outline the validity of core concepts and teaching approaches of Christian adventure learning. Finally, a book has been written for adventure learning leaders that is grounded in scripture. This well-researched and highly readable text will be a valuable resource for Christian educators desiring a stronger theological basis for their practice. Ken Kalisch, author of the role of the instructor in the Outward Bound Educational Process, Associate Professor of Outdoor Education, Montreat College, adventure learning has long been with us but seldom understood or valued as the powerful tool for learning and personal transformation. As this book so clearly shows it to be, Bruce Dunning has crafted a solid biblical treatise for adventure learning with great applications to ministry and personal life. It is valuable reading for any youth worker or Christian educator who is willing to go beyond the normative approaches to the teaching-learning paradigm in helping young people become all that God first created them to be.
